

Broker Workgroup

November 13, 2020

Meeting Agenda

1. Preliminary Matters
2. Pennie Overview & Updates
3. Broker Login & Resources
4. Questions for Pennie

Pennie Overview & Updates

Who we are and what we do

Goal: Improve the accessibility and affordability of individual market health coverage for Pennsylvanians

Who we are

- The official health insurance marketplace for Pennsylvania
- The home for high-quality, affordable health insurance plans
- The only source for financial assistance to reduce the cost of coverage and care

Who we help

- Customers transitioning from Healthcare.gov
- Individuals and families without access to employer-sponsored coverage
- The uninsured
- Operate a “*no wrong door*” policy to ensure those deemed Medicaid-eligible access coverage

How we help

- Customer Service Team
- Online self-service
- Direct outreach & education
- In-person assistance through Navigators/Assisters and Brokers

Why Pennsylvania decided to transition

Benefits of a state-based marketplace:

- **Flexibility** to react to changes and **serve residents in the way that's best for them**
- **Local control** of a robust in-person assistance program, education, communications and customer service
- **Decreased operational costs and an ability to keep dollars in-state**
- **Increased premium savings** (reduction of approx. 3-5%) in the individual insurance market through the implementation of a reinsurance program
- Ability to work more closely with insurers and **foster a competitive marketplace**
- **Better oversight and management** of the Medicaid churn population, some of PA's most vulnerable

Upcoming Producer Milestones

- **11/30:** Last day to complete training for Pre-Registered or Pre-OE registered **FFM producers**
- **12/15:** Last day for customers to shop for coverage effective 1/1/2021
- **1/15:** Last day for customers to shop for coverage effective 2/1/2021

Agency Updates

What's new since we met last?

Pennie is Live!

- Open Enrollment is here. November 1 – January 15, 2021

Important Reminders

- **YOU MUST CREATE AND USE YOUR OWN ACCOUNT ON PENNIE.**
 - Brokers cannot use another broker's account as your own, even if it's an agency manager or principal.
 - Accounts used by multiple brokers will be locked for all users.
- **ONLY CUSTOMERS CAN DESIGNATE YOU AS THEIR BROKER, a broker cannot add themselves to a customer's account.**
 - Once a customer designates you as their broker, you will receive an alert under 'Pending Individuals' in your account, where you can accept the customer's business.
 - There are two ways a customer can designate their broker if they do not have a current designation:
 - Designate through the *Find Local Assistance* function on the Pennie platform
 - Call the customer call center and request that a broker be designated for them
- **BROKERS SHOULD MAKE SURE THEY HAVE FULLY READ THE PENNIE ENTITY AGREEMENT AND ARE PRACTICING ALL STATED REQUIREMENTS WITHIN.**
- **Brokers should not create a new account for customers who have migrated from healthcare.Gov.**
 - Migrated customers should have received an access code and should use that access code to ensure they claim the right account.
 - Customers who have not received their access code should reach out to the Pennie call center.

Important Reminders

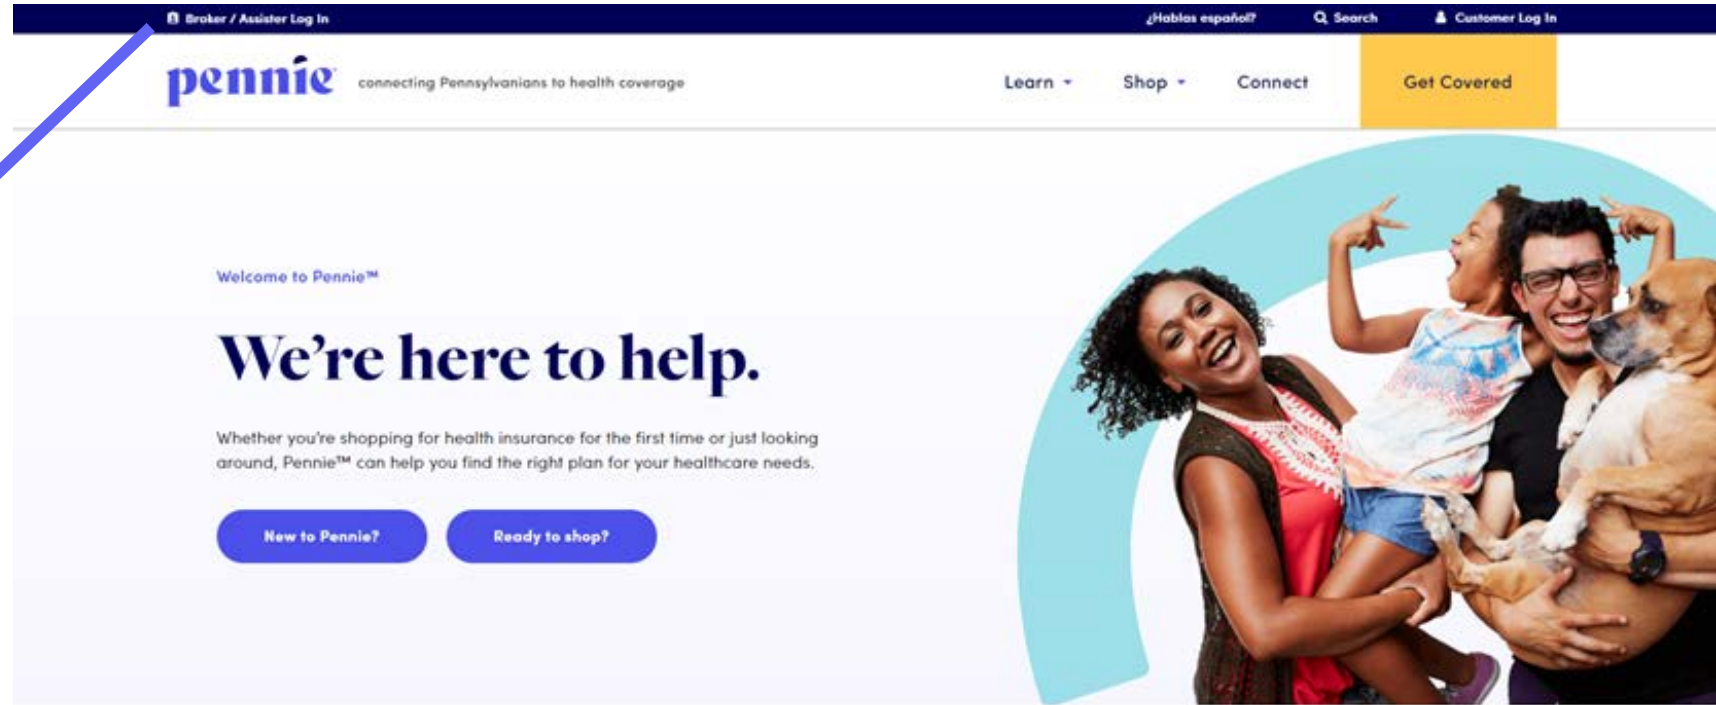

- **Agency managers must add agents within their agency through their agency manager account.**
 - Click the 'add agent' tab in the agency manager account and complete all required fields.
 - Agents will receive an email with instructions on how to claim their account.
 - A new agent account will remain with a pending status until Pennie has verified all certification requirements have been met.
- **During the data migration process (run in September) Pennie worked to ensure that all broker designations migrated from healthcare.gov to the Pennie platform. However, not all customers kept their broker designation.**
 - Pennie prepared for this and included instructions for customers to re-designate their broker in their new Pennie account through the noticing process.
 - Customers enrolling on healthcare.gov through a SEP post September *will not* be migrated over to Pennie. Healthcare.gov will be sending these individuals over to Pennie, and Pennie will be conducting outreach to this population to ensure they understand how to get enrolled in 2021 coverage.
 - They will be able to designate a broker when they create their Pennie application.

Setting Up Your Broker Account

- If you a member of an agency, you will see this page

I am a member of an agency...what now?

If you are a member of an agency, your account will need to be created by your Agency Manager (sometimes referred to as the Principal):

Contact your Agency Manager to add yourself to the agency account

Once added to the account, an email notification will be sent to you with a secure link to log in and claim your account under your agency

If your agency is not already set up in Pennie, an Agency Manager will need to be established in order for you and other brokers to be set up within the agency.
