- Quality Assurance and Testing support needs for 2020 implementation
- **Discussion:** This type of testing will include pre-open enrollment testing and user testing.

## 2.05 Discuss Status of State-Based Exchange – Federal Platform Activities

- User Fee Collection in 2020
  - **Discussion:** Pennsylvania will be collecting and remitting 2.5 percent to the federal government for the user fee collection in 2020. This

collection and remittance will be occurring through the Exchange and this altered approach will cause insurers to have to update their IT systems. The consensus is that this is a good approach because it's a permanent approach.

- SBE-FP Blueprint Application Activities
  - Assister Registration and Training Compliance
    - **Discussion:** There is an FAQ document on the website, and it is being used to communicate information to Navigators/CDOs/CACs
  - Oversight and Monitoring Plan
    - **Discussion:** By 12/31/2019, the Exchange needs to have a plan in place. The Exchange is currently looking to other states for guidance.
  - Open Enrollment Readiness Review (OERR)
    - **Discussion:** Pennsylvania Insurance Department is running the current open enrollment campaign, and the Exchange is preparing to overtake these duties for next enrollment period.

## 2.06 Discussion of Board Governance and Upcoming Activities

- Input on bylaws drafting
- Officers and subcommittees
  - **Discussion:** Consensus that establishing officers and subcommittees would be beneficial. Board members to then share their name and position they would wish to hold for discussion at the next board meeting.
- Discussion of Upcoming Board Schedule and Tasks
  - **Discussion:** What is the procedure for extending the open enrollment period? Does the Board have to talk about this?
    - **Response:** SBE-FPs do not have the ability to extend open enrollment. The Exchange will have to wait until it is an established SBE.
  - **Discussion:** Any more progress on the advisory council?
    - **Response:** There are decisions that need to be made in order to establish this council (i.e. when is the best time for them to meet?). These conversations are currently happening.
