Thought health insurance was out of reach? Think again, think Pennie!

The American Rescue Plan provides significant savings on health coverage for the next two years for Pennsylvanians seeking individual market coverage and those already enrolled through Pennie, as well as those who may lose their employment and rely on COBRA to maintain their employer coverage.

For the next two years, most new and current customers at Pennie will be paying no more than 8.5 percent of their annual income. In some cases, this could mean that monthly payments are eliminated completely!

If you are currently or newly uninsured then go to [pennie.com](http://pennie.com) and enroll in the current COVID-19 Enrollment Period, that runs until August 15! For more information on Pennie and these savings offered through the American Rescue Plan, please visit [pennie.com](http://pennie.com).

Thought health insurance was out of reach? Think again, think Pennie!

This year has been hard for everyone, but good things are on the horizon. One of those good things is coming out of the American Rescue Plan that relates to significant savings on health coverage for the next two years. These new provisions result in substantial impacts, including huge, life-altering financial assistance, for Pennsylvanians seeking individual market coverage and those already enrolled through Pennie, as well as those who may lose their employment and rely on COBRA to maintain their employer coverage. These savings will provide real relief to those current customers and can be a game changer for thousands of Pennsylvanians who are uninsured.

For the next two years, most new and current customers at Pennie will be paying no more than 8.5 percent of their annual income. In some cases, this could mean that monthly payments are eliminated completely! You read that right, completely eliminated! More good news, for anyone who is eligible for unemployment compensation in 2021, will have no-cost payments for the rest of this year.

Overall, these savings provide a huge opportunity for many in Pennsylvania. Thousands of individuals and families across the Commonwealth can now afford to protect their health and protect their wallets. The passing of the American Rescue Plan quickly delivers real relief for those who are struggling with the pandemic and its economic repercussions. If this is, you and you are currently or newly uninsured then go to [pennie.com](https://pennie.com) and enroll in the current COVID-19 Enrollment Period that runs until August 15!

Pennie can also connect you to Pennie-certified experts, totally free of charge, to provide assistance in the application process, finding out what your new monthly payments will look like as well as finding the best plan for you and your family. If you have any questions, give the Pennie Call Center a call at 1-844-844-8040.

Having health coverage provides one less thing you need to worry about this year. Go get that peace of mind that comes with having health insurance. Pennie gets you covered.
